Subject: Checking on Whether Assistance is Needed: Milorganite and WE&RF Research Council
Attachments: Milorganite Update - 4-12-17.docx

Andrew, I stopped by yesterday afternoon to see if you need further information or assistance on a couple of issues:

1. On the Milorganite issue, to fill you in on a conversation I had with Dean Malardo in Region 5 Enforcement on the current status and next steps. I am attaching a brief summary page that I put together to give you a quick update and key points that you may find useful.
2. I learned that the former WE&RF Research Council has expanded with new membership from WateReuse and that there may be a meeting in May so I wanted to check and see if you need any assistance or support.

There is no urgency to either of these, just checking to see if any help id needed. Thanks.

hil
